Stylepluslothe meant clothing insurance to men—they have known just what these clothes were.

Now there are two grades and two prices.

## Styleplus

\$17 Clothes \$21

The new \$21 grade is added to meet new conditions in the fabric market and to insure a wide range of fabrics and models to suit every individual demand. Styleplus \$17 will be continued as long as the makers can supply all wool fabrics, skillful tailoring, style and variety of patterns.

200,000,000 pounds of wool for military clothing make a difference, and conditions alone will decide how long Styleplus \$17 can be produced.

In Styleplus \$17 or Styleplus \$21 you will find the weave, shade and model that look best on you.

Each grade is the standard of style and quality, and Styleplus Clothes are the only ones in America that are sold on a known price basis.
